## **The OTHER Black Card** Just as good as the AMEX Centurion

*NEW YORK: Friday, June 24, 2005*

**WHAT:** Marquis Jet Card

**WHY:** The Marquis Jet Card offers Card Owners 25 hours of flight time and travel to over 140 countries on their luxurious private jets. And since they're aligned with Net Jets, "the largest and most diverse fleet of private aircraft in the world," you're guaranteed to fly the jet of your choice. Whether you holiday in Palm Beach or Cabo, Marquis Jet will charge the same rate per jet type per hour and is available 24/7, 365 days a year. "People love that in 10 hours notice, they can pick up the phone and call us and their aircraft is ready and waiting for them," said Randy Brandoff, vice president of marketing at Marquis Jet. And you don't have to be a celebrity to get the star treatment (though Catherine Zeta-Jones, Kristen Davis, Michael Jordan, Ben Affleck, Shaq, and Maria Sharapova are all Marquis Jet Card owners): all Card Owners receive a \$1,500 gift certificate to Ermenegildo Zegna for a custom suit and after-hours shopping privileges at Zegna boutiques. A private jet card with couture benefits? Not exactly a tough sell!
