TRAVEL WELL WITH THE MARQUIS JET CARD

IMAGINE HAVING the freedom and finances to go wherever your heart desires, whenever you please. Your dreams can become a reality with the Marquis Jet Card. Purchased in increments of 25 hours, the card grants you access to numerous hours of flight time on a comfortable private jet. Though pricey—the cards range in price from \$109,000 to \$339,000—the joy of flying in style and comfort cannot be denied. These days, when seats are tight and service is subpar, you'll be happy to make the investment. Flights are available 24 hours a day, 7 days a week, 365 days a year. Happy flying.
